

SILESTONE
by COSENTINO

QUARTZ SURFACES

SILESTONE AT A GLANCE

COLOUR SHOWN: LUSO

HIGH IMPACT RESISTANCE

Made from quartz and other hard materials, Silestone exceeds similar surfaces in impact resistance.

STAIN RESISTANCE

Silestone is highly resistant to staining from coffee, wine, lemon juice, olive oil, vinegar, make-up and many other products.

SCRATCH RESISTANCE

Forget scratches or marks. Nature knows few resistant elements more scratch-resistant than the quartz from which Silestone is made.

WIDE RANGE OF COLOURS AND TEXTURES

The range of colours available is ever-developing which allows for endless design capabilities.

LOW POROSITY

Extreme compaction creates a material with low porosity. Liquid, stains and acids are not a problem.

SLAB THICKNESSES

Three slab thicknesses are available – 1.2 cm, 2 cm and 3 cm

ACID RESISTANCE

Quartz is one of the strongest materials known to mankind. This makes our product extremely durable, with a high level of resistance to acids.

25 YEAR TRANSFERABLE WARRANTY

Silestone celebrated its 25th Anniversary in 2015 with an extension of its warranty to 25 Years, transferable.
